

SiteScape Forum ZX Named a Finalist In-the-Running for Prestigious Codie Award

*Nominated for Best Communication and Collaboration Solution;
Winner To Be Announced in May 2006*

MAYNARD, MA (January 30, 2006) – SiteScape[®], the premier provider of secure Web-based workflow and collaboration solutions, today announced that SiteScape Forum ZX has been nominated by the Software & Information Industry Association (SIIA) as a finalist-in-the-running for best communication and collaboration solution.

“The 21st annual Codie Awards continue the tradition of honoring the best of the software, content and education technology industries from hundreds of nominees,” said Ken Wasch, SIIA President. “When one considers the number of outstanding companies that competed this year, being named a Codie Awards finalist is a significant achievement for SiteScape Forum ZX.”

Serving as the only peer-reviewed awards program of its kind, the Codie Awards honor the leading software and information industry's finest products and services. Judges include representatives from the software and information industry trade press, mainstream technology writers, analysts, consultants and subject-matter experts.

“We are honored that SIIA is recognizing Forum ZX for its industry-leading combination of presence, voice and web conferencing with traditional team workspace tools for document and business process management,” said Brian Hays, CEO of SiteScape. “Forum ZX is clearly the best choice for enterprise professionals who want to automate the work of high-performing teams.”

Winners will be announced on May 16th at the Codie Awards Gala at the Westin St. Francis Hotel in San Francisco, CA. A listing of all finalists can be found at <http://www.sii.net/codies/2006/finalists.asp>.

About SiteScape Forum ZX
